

Global Networking Night

OCTOBER 22, 2024

Harvard
Business
School

On a single night, in locations around the world, HBS alumni will come together for an evening of socializing and networking in relaxed and fun settings.

We will be hosting the 2024 HBS Global Networking Night in Tokyo following the big success in previous years. See old friends, make new connections across generations of HBSers in a casual setting. Experience the richness of the HBS network – you may come away with a new friend or business partner!

There is no scheduled agenda for this event. Tatsuo Kawasaki, the President of HBS Club of Japan will give opening remarks. We will also welcome those who are currently interested in applying to HBS. This will be the perfect opportunity to hear about life before, during, and after HBS firsthand experience from various HBS alums.

If you wish to attend, please fill the form below or send an email to contact@hbsjapan.org to express your interest.
